Introduction

Perfection is our goal, we are determined to continue enhancing our brand portfolio with innovative products and to meet the most demanding standards of quality and product safety at all time.

A renowned brand with complete lighting solutions. Rinder India is wholly owned subsidiary of Rinder Industrial S.A (RISA) Spain.

Rinder India started in 1997, has grown with leaps and bounds in last 10 years, achieving almost 60% growth every year for last 4 years. We have two state of art manufacturing facilities set up in Pimpri & Chakan industrial estate in Pune (150 KM from Mumbai).

Our company is an **ISO TS 16949** systems company. As a part of our expansion & diversification programme we have set up a sophisticated Toolroom in India to manufacture moulds which has given us added advantage of making moulds available in India with European

Swaraj Mazda, Yamaha India, DLT , Electrotherm, etc. Our overseas customers are **Yamaha, Kawasaki, PT Wahana & Rinder Spain.**

In last year Rinder Corporation Companies forged several collaborations all over world and initiated its activities in several new business segments such as main wiring harness for trucks and trailers. Several new factories were planned.

Rinder India group invested significantly in its Tooling unit i.e. Rinder Tools India Ltd. The annual mold making capacity has now crossed **100 molds/ annum**. This facility has given Rinder India as a cutting edge over its competitors.

Our main focus is to provide no one quality products to our customer with satisfactory service which is possible with Rinder team. We are there to strive rigorously to satisfy our customer with excellence service and product.

Rinder Chakan facilities

quality, which is known as Rinder Tools India Pvt Ltd. It is a JV with Spanish partner. Facility area is 4.200 m2.

In very short span of time Rinder India will have one more manufacturing facility in north of India (Bahadurgarh-30km from Delhi) which will cater the necessities of our customer in north. Facility area is 10.000 m2.

So started with small set up in 1997, now Rinder has spread their wings in India and we have 3 manufacturing plants operational and one operational plant under construction.

In our Indian customer base, we are major suppliers of lighting equipment to **Bajaj Auto Ltd, TVS Motors Ltd, Kinetic, Tata Motors, Maruti Udyog,**

Our objective is to have **complete customer satisfaction** result for which we continuously work very hard and help our customers to serve best. The continue process to update our customers with respect to the latest technology with latest knowledge sharing could be done.

This is just a beginning of growth of Rinder globally, many other developments will take in near future. The growth of Rinder has been proved that in few years it has climbed tremendous success. Rinder has already established globally, now have to polish our capabilities, strength, sincerity and teamwork. Its matter of time that Rinder will become " número uno" lighting manufacturer world wide. We hope that coming years will be golden pages in history of Rinder, which will be written by holy hands of our customers and business associates.
